Last win was a laugher. • This one has been away for awhile - return try in today's contest. Tread lightly with this horse - connections have been a bit cold when teaming up.

Erin D Johnston hasn't been getting victories when putting Fredy Peltroche on a horse. Erin D Johnston isn't on a hot streak as of late. Don't see her as a sure thing after that last dash.

Timothy C Grams isn't on a real hot streak as of late. Caution must be used since wraps were used last outing. Didn't finish in the top half of the field last event - might have to expect the same today.</

Lucy B Webb has not gotten the best out of this gelding (16 starts, 6% wins). Didn't exhibit much courage during the stretch drive last time - be cautious with him. Finished in the back last time - not a promising effort.

Jerome R Palumbo has an excellent ROI (+89%) with this horse. Last race was nice, but the lack of any recent activity raises some concerns. This rider and conditioner have a beneficial return on investment when they partner up.

Have to be leery with horses trained by Christopher L Kolb right now - on a bit of a cold streak. This filly ran well in her last race but just couldn't catch the winner. This jockey/trainer combo is off kilter right now - not a high win percentage together.

The lack of morning drills is troubling despite the good performance in the last competition. Ended up in the top three in the last race. Doesn't fit here based on Raul A Garrido's record with freshened horses recently (8% wins).

This mare is in good physical condition, having run a good race last time out. Hasn't scored a victory recently - not worth it on this equine today. Gustavo Larrosa's ROI with this horse (+134% ROI) automatically make them a strong contender.

Really think this magnificent animal is going to be right there at the wire. Hard to play any animal that cannot even score one time in her last ten races. Tough to figure this animal winning after finishing near the back of the pack last time.

Last race doesn't inspire much confidence. Hasn't scored a victory recently - not worth it on this equine today. Bruce A Hammond isn't on a hot streak right now.

Conditioner has had difficulty winning races of late. Tread lightly with this one - connections have been not in sync when teaming up. Tough to wager on this animal after the disappointing stretch drive in the last race.

Trainer is on a chilly streak - hard to recommend. The stretch display in the last event leaves much up in the air. Finished in the back of the pack last time - not a terrific sign.

Wilfredo Santiago and Elex D Bowman perform well when they unite - strong ROI together. This equine is coming off of an extended vacation - questionable. This gelding faded down the lane - not a good sign.

Trainer/Horse combination leaves much to be desired (15 starts, 0% wins, -100% ROI). This gelding is put right back into a race in less than 10 days - positive sign. The rider and trainer duo have a beneficial ROI when they combine forces.

This gelding is back soon - sprinters that come back quickly are generally good plays. Tread lightly - try just wasn't good enough last out.

Michael Hallmark III has not recorded strong gains with this mare. Didn't exhibit much courage during the stretch drive last time - be cautious with her. Give this mare a shot - ran a good contest last time out within a month.

Surely see portentous signs for this magnificent animal right here. Didn't exhibit enough heart in the stretch last time. This rider/trainer combo is off kilter right now - not a high win percent together.

Good power rating - morning line odds underestimate this mare's chances - definitely a potential price. Lately, this rider and trainer haven't been winning when they team up together.

This jockey/conditioner twosome has a profitable ROI. Looked good last time, but no drills since is a bit troublesome. Raul A Garrido has sharp numbers with this gelding that point to a very solid contender.

Stacey R Viands brings him right back - advocate you stick with this noble animal. Tread lightly with this one - connections have been off kilter when teaming up. Didn't finish near the front of the field last affair - might have to expect the same today.

Scooter Davis has the most competitive information in this group of animals with starters moving down the class ladder (48 starts, 31% wins, +1% ROI). • This gelding is back to the races again after a rather long layoff. ☹️Shins may have some problems since they added wraps in the last race.

Always like to make a play on any mount with a top power rating at a good price. Kimberly A Graci has not recorded strong gains with this gelding. Jockey and conditioner haven't had much recent good fortune together.

Handler is on a losing streak - hard to recommend. Trainer/Horse combination leaves much to be desired (33 starts, 9% wins, -46% ROI). Don't really like the most recent effort - in the back of the pack.

Katie Reynolds hasn't been on the hottest streak in recent times. Looked like he was in good form last outing - hasn't been near the track since then though. Tough to play this gelding today - conditioner on a down cycle of late.

⚠️This horse has not run well under David Hussey's training (0% wins). ⚠️This runner hasn't won in his last ten attempts - he's probably not worth the value today. • Coming back from a rather long layoff - form picture is clouded.

⚠️When this rider and trainer partner up you have to take a look. ⚠️Just not worth betting - handler not winning many races of late. ⚠️Don't like the hard fact that front wraps were new equipment last race.

Finished in the back of the pack last time - not a terrific sign. Jockey hasn't had the highest winning percentage as of late - may have to take a pass. Katie Reynolds and Frank D Light perform well when they work together - strong ROI together.
